LOWEL GL-1™ Power LED

A completely portable focusing LED light, with powerful tungsten color output.

The GL-1 Power LED

lets you light quickly & effectively on the go. Its 5:1 focus range lets you zero in, to highlight your subject with a tight spot, or pull out to wide flood and add fill-light to a larger area.

2 Ways of Dimming

- Use the adjustable Dimming Trigger to quickly get the perfect light level for short term handheld use.
- Lock the light ON and dial in an intensity for longer term constant output at any level. Perfect for mounted use or time lapse Light Painting
